

We are here to help you build your dreams.

ABOUT US

We specialise in SuperAdobe and Earthbag building, but we can happily quote and build with Cob, Light Earth, Natural Plasters, simple Carpentry, and can offer options for a range of other Natural Building techniques.

We are able to offer the option of hosting a workshop during your build to make things quicker, cheaper, and more fun for everyone!

We offer a number of Planning packages for all sizes of projects.

We can offer extensive tailored consultation for your upcoming project, or our structured planning packages.

OUR PACKAGES

IG: @CURVATECTURE

INITIAL DREAMING

The first 5 emails are free, to discuss what your dreams may be and whether we're able to assist in making them a reality.

Further planning scope is ascertained during these conversations, and an appropriately sized consulting package is decided.

\$150

Suitable for backyard projects and small scale builds.

Things like retaining walls, cob ovens, bench seats, simple outdoor kitchens, landscaping, fire-pits, rocket stoves.

POCKET PROJECTS

MIDDLE MAKERS

\$300

Suitable for medium scale and small space creations.

Things like domes, studio spaces, larger outdoor kitchens, water tanks, air BnB sleepers, tiny houses, toilet blocks, showers, large landscaping projects

\$600

Suitable for large scale projects and homes
Complete family homes, large studio spaces, multiple buildings, outdoor amphitheatres, stages, large outdoor kitchens, community spaces

GRAND DESIGNS

W: WWW.CURVATECTURE.COM

F: WWW.FACEBOOK.COM/CURVATECTURE

IG: @CURVATECTURE

THE LEGAL STUFF

All packages include initial conversations and emails, simple plans, a budget, timelines, and estimates of work. Grand designs also include initial liaising with licensed drafters, architects, council, and tradesman, to establish precise initial budgets.

Any further or unexpected work is at an hourly rate of \$30p/h

All packages are initial planning only with no building, site visits, or construction involved

All initial costings are educated estimations and cannot allow for fluctuations in material costs, weather, or expectation of owners involvement.
